Web Designer Opening

About ICORLAB: ICORLAB is a research group located at MNTL and led by ECE Asst. Prof. Can Bayram.

Opportunity: Looking for a website designer to build from ground up state-of-the-art research and instruction webpages. The pay is commensurate with the qualifications.

Responsibilities: Design and lead website design and development projects.

Qualifications:

• Experience with Adobe Photoshop and Adobe Illustrator.

• Working knowledge of web markup including HTML and CSS coding.

• Experience with responsive web design.

• Video editing (ability to edit simple videos for YouTube and Social Media).

• Have a good eye for design with attention to detail.

• Must be self-starting and able to multitask and function efficiently in a fast-paced research environment.

• Ability to work independently and capable of taking initiative.

Schedule:

At least 5 hours per week at our MNTL student offices.

Apply:

Please email directly to Asst. Prof. Can Bayram (cbayram@illinois.edu) with a summary of your qualifications.
